Official Diary

Saturday, 11 August 1951

Talked to ONE about reply to the Lovett letter. They sent a memorandum up which I showed to the DCI and then dispatched by hand to Mr. Lovett.

Arranged for a special IAC Meeting on Monday at 10:30 to discuss SIE No. 3.

Colonel Lampkin of General Bolling's office called to say that he heard we were interviewing [redacted] a Major in reserve. [redacted] was one of General Bolling's company commanders in World War II and General Bolling thinks very highly of him. Passed this information to personnel.
